

HBE-700D

IP Public Intercom & Access Control Station

The HBE-700D is an IP-based public intercom station with RFID access controller. Installed in the public area, user can simply press the intercom button to call the HBI-1100 management console. The HBE-700D is equipped with Mifare RFID reader for centralized access control.

Features & Benefits

- Wide angle, high quality CMOS camera
- Elegant industrial design with plastic ABS frame and tempered acrylic front panel
- Wall-mount installation on 1-gang junction box with only 17mm outlook thickness
- LED illumination during intercom for night vision
- Supports IP network architecture, works with HBI-1100 intercom console
- Automatic snapshot during intercom for further verifications
- Also provides panic alarm function
- Management console can monitor real-time video from HBE-700D
- Embedded RFID reader (Mifare 13.56MHz) for networked access control
- Access control can work offline, to sync with server when network back on line

IP Public Intercom & Access Control Station

Technical Specifications

Hardware Parameters:	
Power	12-24 VDC
CPU	ARM Cortex A7 @1.2GHz
Flash	>32MB
RAM	>128MB
Camera	CMOS wide angle
Operating Power	4.5 W
Standby Power	0.5 W
RFID	Mifare 13.56MHz
RFID Read/Write	Read
RFID Distance	2-5cm
Network	RJ-45 Ethernet
PoE	Yes 802.3af
Touch Button	Yes (with backlight)
Relay Output	x1 NC/NO/COM
DI	x2 (door contact, open)
Tamper Switch	Yes

(**Product specifications subject to change without notice.)

HBE-700D

IP Public Intercom & Access Control Station

Technical Specifications (continued)

Model No.	HBE-700D
Users	90,000
Event Log	100,000
In/Out Control	Yes
RTC/Calendar	Yes
Installation	Wall-Mount (1-gang)
Protection	Indoor/Outdoor
LED Signal	1x
Material	ABS Frame PMMA Panel
Mode	Standalone Central Mgmt.
Dimension (WxHxD)	91x144x27mm (Outlook 17mm)

(**Product specifications subject to change without notice.)
